The response received 13 October 2005 has been made of record. Claims 35-51 and 66-68 are pending.

Claims 35- 51 and 66-68 are rejected under 35 U.S.C. 102(b) as being anticipated by Cohen et al.

This rejection is maintained for reasons of record. Applicants' arguments in traverse focus on the concept of "sufficient specificity". It is the position of the examiner, however, that the explicit and specific recitation of amounts of zinc oxide or stearate by the reference within applicants' claimed range provides sufficient specificity.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire THREE MONTHS from the mailing date of this action. In the event a first reply is filed within TWO MONTHS of the mailing date of this final action and the advisory action is not mailed until after the end of the THREE-MONTH shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than SIX MONTHS from the mailing date of this final action.
